BACK FROM CANADA BUYS LAND THERE

Valley Man Buys Extensively of Grain Land.

W. W. Dobson and family returned yesterday morning from Canada where they have been spending the summer. They report a very pleasant trip and a comfortable summer for the summer climate where they were is something like the winter climate of Arizona but in the winter time there it sometimes gets uncomfortably cold, as low occasionally as forty below zero.

Mr. Dobson says that part of the country is advancing rapidly. It is a great grain raising district, crops have been generally good for some time and land values have increased steadily. Land that Mr. Dobson bought for \$20 an acre or thereabouts six years ago is now selling at \$60 an acre and better. He didn't sell any of this land but felt so well pleased with the steady increase it has made, he picked up a little more of the same sort, about eight hundred acres in addition to what he already had. That land in Canada, added to what land he has in the Salt River valley gives Mr. Dobson property holdings that aggregate a good many hundred acres. Though he had a very pleasant summer, Mr. Dobson, like all good Arizonians, is glad to be back home again.

For the stomach and bowel disorders of babies McGEES' RARY ELIXIR is a remedy of genuine merit. It acts quickly, is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by Elvey and Hulett.

R. J. SCHWEPPE BACK.

R. J. Schweppe, who left here early in the summer for Los Angeles and from there made a cross country auto tour to Moose Head Lake, Me., returned again Friday evening. He has many interesting incidents to relate of the overland trip and says that while it was a hard one, it was at the same time an enjoyable one and despite the hardships encountered, he picked up a few pounds in weight. Crossing Death Valley the party experienced heat that recorded 130 in

CLIPPING COUPONS TOO SLOW FOR HIM

Phil Metz has Formed a New Partnership and is Now in the Transfer Business.

When Phil Metz sold his interest in the O. K. stables, it was predicted that he would soon be in business again; that Phil was too active a man to remain idle and clip coupons for pastime. The prediction came true. On the first of this month Mr. Metz became a half owner in the transfer business conducted by Wm. A. Riggs. Being away on the first, Mr. Metz did not begin work until Friday last. He is now in the office as general manager, while Billy Riggs handles the business, which is a specialty of his. As soon as possible a large storehouse and barn will be erected on South MacDonald, with a cement front for offices and storage, and modern stables for stock in the rear. The transfer business is becoming a large affair in Mesa and the firm will prepare to properly systematize and handle it.

NEW STENOGRAPHER COMING.

On Monday, Miss Sarah Porter will arrive in Mesa from Rollins, Mo., and will be employed in the office of the Wilbur Realty Co. as stenographer and typewriter. Miss Rollins is said to be an expert in her line and will fill a place in the office where one of her ability is very much needed.

RETURN OF MR. JOHNSON.

Geo. A. Johnson, proprietor of The Toggery, is back from a business trip to Kansas City, St. Louis and Chicago. Says he had good success in stocking up for the fall and winter with a full line of goods, and also enjoyed the trip. He found it much hotter in parts of the east than Arizona people are accustomed to. St. Louis and Kansas weather was something fierce, much hotter than in this part of the territory. In Kansas and through Oklahoma the country was in bad shape owing to loss of a great part of the crops from drought and hot winds. He is satisfied that there is nothing east of Mesa that can compare with this section as a place of residence or for business.

A RANCHMAN'S RETURN.

Chas. F. Jones, returned yesterday from a visit to his people at Coffeyville, Kansas, and says he is glad to be at home again and will now proceed to put in his crops for the coming season. Mr. Jones says there are a number of Mesa people planning to come to the Mesa section this fall, and once here, he has no doubt they will remain and send for their families. The farmers are pretty well discouraged, because of the failure of crops this year in many parts of Kansas. Mr. Jones is looking well and his waist measure has increased somewhat; but he denies that he is in training for the office of alderman.

ELECTION OF OFFICERS.

At a recent meeting of the directors of the Mesa Dairy & Ice Co., for the purpose of electing a director to fill the vacancy on the board caused by the absence of J. W. Clark, W. N. Amos was chosen, after quite a contest for the position. The directors as now constituted, are J. G. Spangler, Fred C. Weeks, W. A. MacDonald, W. B. Allison and W. N. Amos. The Mesa Dairy and Ice Co., by the way, is doing a fine business, there being a large increase this season over the same period last year. The ice plant has been increased to double its former capacity.

TIME TO BEGIN REGISTERING.

An election is to be held on December 12th, and there will be primary elections on October 24th, so that those of Mesa's residents who are entitled to vote by reason of citizenship and a home in the territory for the year last past, should see that their names are on the great register. No re-registration will be ordered, but anyone desiring to register can have their names placed on the book at the office of the justice of the peace. This is something that should not be put off until the last minute. All names must be in twenty days before the date of election.

CASE AGAIN CONTINUED.

The case of A. B. Cook vs. P. P. Myhand and Dr. Severn, set for 10 o'clock yesterday, was continued on motion of Mr. Cook's attorney for 30 days. Mr. Cook is sick and in the hospital at Los Angeles. The attorneys have agreed to take up the case before the expiration of thirty days, provided Cook is able to be present.

"GOV." WEEDIN IN TOWN.

Hon. Thos. Weedon, the well known editor of Florence and one of the leaders of the democratic party in Arizona, was in Mesa yesterday, in company with Frank DeSouza, Leon S.

Jacobs and County Treasurer Babbitt. The mission of the gentlemen was a political one. Colonel Weedon is a candidate for the nomination for office of governor of the state of Arizona, and is said to have a very strong following among conservative democrats. He hopes to carry Maricopa county at the nominating election; and is said to stand well in all the southern counties. Mr. Jacobs wants to go to the legislature. Messrs. DeSouza and Babbitt are not in the race for anything—just plotting the others around.

DEMOCRATIC CLUB.

The Mesa democrats will hold a meeting Tuesday night for the purpose of re-organizing the democratic club. Eugene Brady, O'Neill, Hon. Henry Ashurst and Hon. Reese Ling, the two latter from Yavapai county, will be present and address the meeting. All three are candidates for a senatorship from the new state of Arizona. It is expected that a number of others in whose bonnets the official bee is working, will be on hand to cultivate the acquaintance of the voters.

HOURS OF WORSHIP.

Baptist: Bible school at 10 a. m.; preaching at 11 a. m. and 8:30 p. m., by the pastor, B. Y. P. U. at 7:30 p. m., led by Miss Andrews. The morning service is a message to the citizens of Arizona. "Now that we are a State, What Shall be First?" The B. Y. P. U. time will be given to those who have returned from their vacations, telling their experiences. Everyone is cordially invited to these services. Prayer meeting at 7:30 Wednesday. S. W. Gage, pastor. Christian: Sunday school at 10 a. m.; sermon at 11 by Rev. John D. Crose. All are cordially invited.

Gospel Tent, North MacDonald: Commencing tonight, there will be evangelistic services, conducted by John D. Crose, beginning promptly at 8 o'clock every night, and continuing for two weeks. Subjects to be considered are: "The Greatest Disease (the moral disease), its Effects and Cure," "Divine healing as a Reality," "The Church of God—what is it and what it is not," and "The Unity of God's People by a Possible and Practical System." All are to be given from a scriptural and undenominational standpoint. No collections will be taken. The public is cordially invited to come and help make these meetings a success. Bring your Bibles.

Mormon: The conference of the Maricopa stake, which convened yesterday, will continue today, by sessions held at 10 a. m. and 2 p. m. and 8 o'clock tonight. There was a large attendance yesterday and all are invited to be present at the closing sessions.

Methodist: Regular services at 11 a. m. and 8 p. m.; Sunday school at 10 a. m. Evening services will be held on the church lawn, weather permitting. Epworth league at 7:30 p. m. All invited. David Roberts, pastor.

NEWS IN BRIEF.

W. S. Dorman motored to the capital yesterday. James Johnson and Frank Sanders were business visitors in Phoenix yesterday. Mr. Johnson is the man who takes the principal part of the prizes on hogs offered at the territorial fairs.

Mrs. Ed. Bloomer was a visitor in Phoenix yesterday.

Mrs. W. N. Stevenson spent yesterday in the capital shopping.

Mrs. W. S. Dorman returned yesterday from Redondo, where she was called by the news of the serious illness of her father, Dr. E. W. Wilbur. When Mrs. Dorman left Redondo the doctor was well on the way toward recovery.

J. L. Waring is back from his summer vacation, spent in the land of Indiana. Mrs. Waring and the boys accompanied him, and he will now devote his time to that orange orchard southeast of town.

Joe Noble, Willie Richins, George MacDonald, Loran Brimhall and H. G. Davis are back from a trip to the mountains and report a most enjoyable vacation.

Chas. D. Reppy, right of way man for the A. E. is in town.

A meeting of D company, National Guards, was held at the Armory last night, and was addressed by Captain E. M. LeBaron, who recently returned from Camp Perry.

The town was full of democratic politicians yesterday.

Mr. and Mrs. Charles Blackburn, who left Mesa some months since for Oregon, announcing their intention of making a home in the northwest, returned yesterday. They did not like the Oregon country, nor that of Colorado, and will be satisfied now to remain in the Mesa section.

Frank Roscoe, merchant located twelve miles south of Mesa, returned Friday from his summer vacation, the latter being also a business trip, as he laid in a supply of goods for his store while away.

A FOLDING WORKSTAND

Workers in bamboo should find no difficulty in making the simple frame work of this workstand.

Four pieces of bamboo are used in each side, and the upper ends are plugged with wood and finished off with small brass balls screwed into the wood. Brass balls suitable for the purpose and furnished with screws at one side may be obtained from any hardware store.

The two sides are firmly pinned together in the center, where the bamboo crosses, and fold towards each other and so close the stand. To the two upper crosspieces a roomy bag is attached, finished off with a small frill on either side. The folding of the two sides to-

gether closes the bag, and the workstand may then be rested against the wall in the corner of the room and be out of the way and out of sight also, until it is required again.

Bamboo may be purchased very cheaply in many different lengths and sizes, and should be fastened together with thin sharp nails.

Bamboo, nails and brass ornaments will cost very little, and a remnant of material suitable for making the bag will most probably be found at home.—Philadelphia Inquirer.

EXTENDS A HELPING HAND TO WOMEN

Once upon a time, writes Isabel Gordon Curtis, in an article in Success magazine, I spent an interesting hour with Secretary Wilson. He told me the story of what Uncle Sam is doing for the women of America.

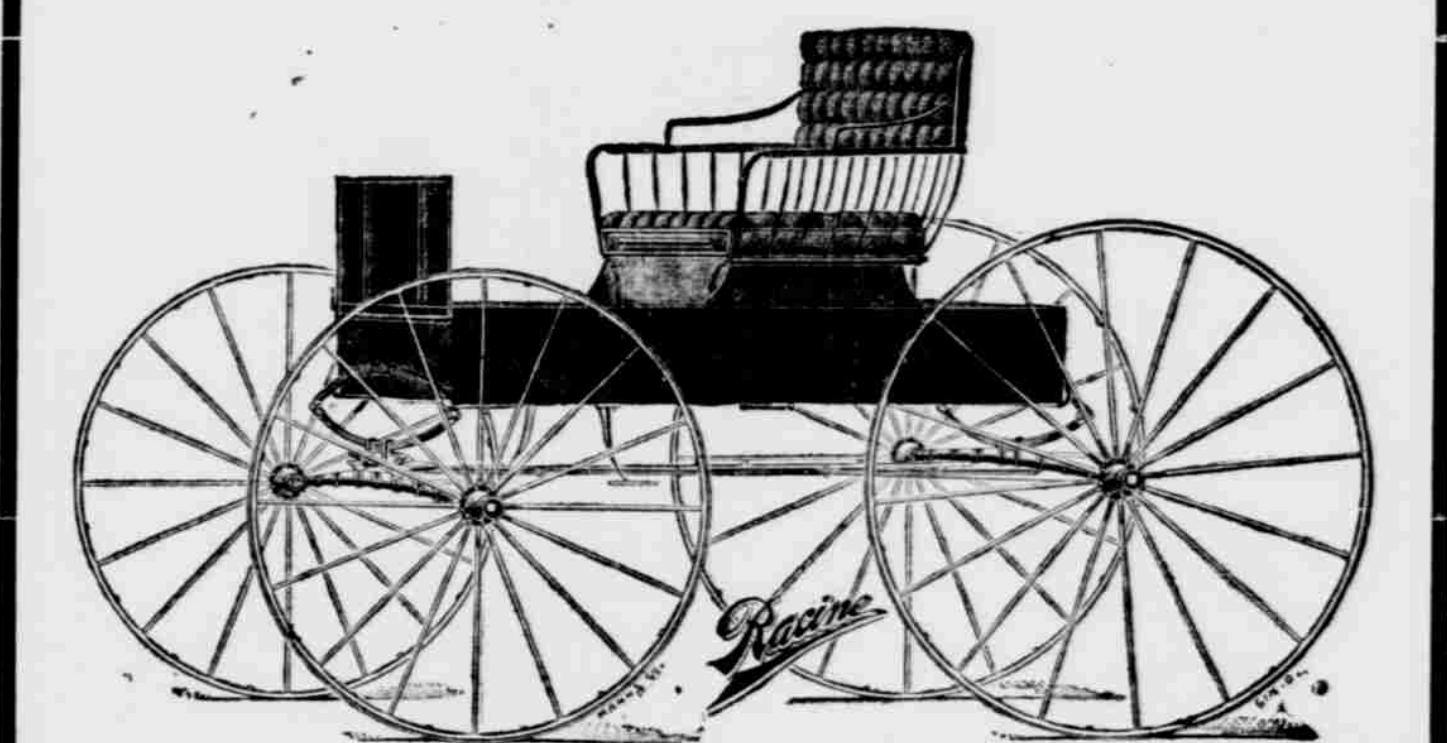

"Thousands of people think," he began, "that the agricultural department helps nobody but the farmer. Of course while helping the farmer incidentally we help the farmer's wife and daughter—only we do more than that. Hundreds of men and women in our department work year in and year out to solve problems which face the woman who lives in the country. We teach her how to make the best possible use of the food she raises, how to market it, preserve and cook it in ways that are new to country people. We show her how to make a house that is as sanitary, convenient, easily heated and comfortable as the average city home. Generally it is a much less expensive and more beautifully located home than a dweller in the city can achieve. Our experts simplify kitchen toil as they ease the farmer's field labor. They teach how to exterminate house pests, lay out a pleasant flower or vegetable garden and attractive grounds. They suggest shrubs and vines which will thrive in different climates and tell how to care for them. When the farmer's wife is brought face to face with any difficulty all she has to do is to write to us. We help her if it is in our power, not only with bulletins prepared by the first experts in the country, but also by personal letters. The men and women in charge of each bureau give a lifetime of study to one science."

"I have a profound belief in helping the country woman as far as possible, because it tells in America's future in this way: The girl who sees her mother drudge out her life in hard unremitting toil longs for a very different future. Of course, her eyes are turned upon the city, and when the first chance comes she leaves home. She will tell you she has no intention of becoming the slave her mother has been. We combat this feeling by every measure in our power. The best way to do it is by making a country home so pleasant, convenient, comfortable and attractive that children will hate to leave it."

S.S.S. CURES OLD SORES

Every person afflicted with an old sore realizes, sooner or later, that the ulcer exists because of bad blood; the character and condition of the place depending on the nature of the blood infection. Virulent impurities in the circulation produce angry, discharging ulcers, while milder, inert germs are usually manifested in the form of indolent sores or dry, scabby places. No one should depend upon salves, washes, lotions, etc., alone to cure a chronic sore. It is necessary to remove the cause before the place can heal. S. S. S. heals Old Sores by going down into the circulation and removing the impurities and germs which are responsible for the place. In addition to purifying the blood S. S. S. enriches this vital fluid so that the irritated flesh around an old sore is naturally stimulated, and a permanent cure results. Book on Sores and Ulcers and any medical advice free. S. S. S. is sold at drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.
